

## MODULE SPECIFICATION

Part 1: Information			
Module Title	Research Portfolio		
Module Code	UFMEL3-15-M	Level	Level 7
For implementation from	2018-19		
UWE Credit Rating	15	ECTS Credit Rating	7.5
Faculty	Faculty of Environment & Technology	Field	Engineering, Design and Mathematics
Department	FET Dept of Engin Design & Mathematics		
Contributes towards			
Module type:	Project		
Pre-requisites	None		
Excluded Combinations	None		
Co- requisites	None		
Module Entry requirements	None		

Part 2: Description
<p><b>Educational Aims:</b> See Learning Outcomes.</p> <p><b>Outline Syllabus:</b> The student will compile a portfolio of public presentations of either original research carried out by the student, or a review of relevant research work carried out by others, or a combination of both. To complete the portfolio, this material must be accompanied by commentary. The content of the portfolio will depend entirely on the chosen area of research study and on those topics selected for publication by the student and, where relevant, the supervisory team over the course of the research programme.</p> <p><b>Teaching and Learning Methods:</b> The student will undertake preparation of the published material, its oral presentation when appropriate, and the commentary that accompanies that material for assessment in this module. When this work is associated with a supervised research programme, it will be carried out with informal supervision and support from the supervisory team. Formal feedback is normally supplied by the reviewers of material submitted for publication.</p>

## STUDENT AND ACADEMIC SERVICES

Part 3: Assessment			
<p><b>Assessment Criteria:</b>            Assessment of the research portfolio is undertaken by two markers. The first marker is normally the Director of Studies, or a member of the supervisory team nominated by the Director of Studies, if the publications are part of a managed research programme. If the portfolio does not represent part of a managed research programme, then a suitably experienced member of academic staff will be identified and agreed by the student and the Module Leader (or appropriate nominee) for the School in which the research resides. The second marker will be the Module Leader (or appropriate nominee). In the case of significant variation in the marking, a third marker, the Director of Postgraduate Studies (or appropriate designate), may review the work, and determine the appropriate final mark in consultation with the other markers.</p>			
First Sit Components	Final Assessment	Element weighting	Description
Portfolio - Component A	✓	100 %	Individual portfolio of work
Resit Components	Final Assessment	Element weighting	Description
Portfolio - Component A	✓	100 %	Enhanced individual portfolio of work

Part 4: Teaching and Learning Methods				
Learning Outcomes	On successful completion of this module students will be able to:			
	<table border="1"> <thead> <tr> <th></th> <th>Knowledge and Understanding</th> </tr> </thead> <tbody> <tr> <td>A1</td> <td>On completion of this module a student will have demonstrated that they can effectively present, disseminate and defend their research outputs, excluding the progression report and the research degree dissertation or thesis, since they are assessed elsewhere</td> </tr> </tbody> </table>		Knowledge and Understanding	A1
	Knowledge and Understanding			
A1	On completion of this module a student will have demonstrated that they can effectively present, disseminate and defend their research outputs, excluding the progression report and the research degree dissertation or thesis, since they are assessed elsewhere			
Contact Hours	<b>Contact Hours</b>			
	<b>Independent Study Hours:</b>			
	Independent study/self-guided study	150		
	<b>Total Independent Study Hours:</b>	150		
	<b>Hours to be allocated</b>	150		
	<b>Allocated Hours</b>	150
