	journals and a wide variety of resources available through websites and information			
	gateways. The University Library web pages provide access to subject relevant resources and services and to the library catalogue. Many of these resources can be accessed remotely. Students will be presented with opportunities within the curriculum to develop their information retrieval and evaluation skills in order to identify such resources effectively.			
	Students will be directed and expected to undertake essential reading throughout the module. However, depending upon specific topics addressed over the course of the module, students will be expected to undertake additional reading for themselves. A list of indicative textbooks and relevant journals is provided below but students are expected to recognise that these may be starting points only and that they should extend their reading as widely as is necessary to demonstrate a comprehensive knowledge.			
	Essential reading Students are expected to purchase or have open access to following text as it is considered core to the module:-			
	Armstrong, G., Kotler, P., Harker, M., and Brennan, R. (2012) Marketing: An Introduction, Pearson Education Ltd, Harlow.
