	Part 3: A	Assessment		
Assessment Strategy	The assessment strategy is for individual students to complete a case study and case study note based on an investigation of an organization of their own choosing agreed with the supervisor. The assessment will explore and analyze the organization from a number of perspectives covered in lectures and tutorials.			
	Summative assessment includes two elements:			
	<ul> <li>Component A - Individual Learning Portfolio will consist of a reflective essay on how entrepreneurial narratives are managed in practice and produce a convincing narrative to support a case study and case study note apropos the potential for generating, evaluating and acting upon sustainability as an opportunity together with evidence from seminar worksheets. 1500 words.</li> <li>Component B - Individual Case Study and Case Study Note will be on an organisation (the unit of study) and will involve analysis of the organisation from alternative theoretical entrepreneurial perspectives. 3000 words.</li> </ul>			
	Formative assessment will be provided in tutorials through the use of case study work and also through live case clinics.
