## **CORPORATE AND ACADEMIC SERVICES**

## **MODULE SPECIFICATION**

Part 1: Basic Data						
Module Title	Working with all children and exploring special educational needs (with experience in Early Years settings)					
Module Code	UTTGPV-30-1		Level	1	Version 1.1	
Owning Faculty	ACE	ACE Field			Primary, Early Childhood and Education Studies	
Contributes towards	FdA Early Years BA Hons Early Childhood					
UWE Credit Rating	30	ECTS Credit Rating	15	Module Type	Standard	
Pre-requisites	None		Co- requisites	None		
Excluded Combinations	None		Module Entry requirements	A successful CRB/DBS check confirmed by Admissions. Students must be fit to work in an EY setting (self-certification)		
Valid From	September 2012		Valid to	September 2018		

CAP Approval Date	30" May 2013

	Part 2: Learning and Teaching
Learning Outcomes	On successful completion of this module students will be able to:
	<ol> <li>Understand expectations for supporting young children's care and wellbeing and reflect on the nature of children's rights and children's voices in practice (Component A &amp; B);</li> </ol>
	<ol> <li>Appreciate the importance of working ethically, inclusively and in partnership with children and families (Comp A);</li> </ol>
	<ol> <li>Begin to understand the issues and processes relating to safeguarding children (Component A);</li> </ol>
	<ol> <li>Understand and reflect on principles and issues involved in facilitating and supporting young children's play/ learning and make observations of, and where appropriate with, young children (Component B);</li> </ol>
	<ol> <li>Be able to reflect on practical experience of working with children and families (Component A &amp; B);</li> </ol>
	<ol> <li>Examine constructions of 'normal' development and issues relating to the labelling of children. (Component B);</li> </ol>
	<ol> <li>Explore issues relating to identification of developmental and learning differences and show an awareness of a range of approaches for supporting children with additional needs (Component B).</li> </ol>
	In addition the educational experience may explore, develop, and practise <u>but not formally discretely assess</u> the following:

	Locate and use given context;	e effectively a g	ood range of le	earning resou	rces, includii	ng ICT, acros	ss a
Syllabus Outline	<ul> <li>Work Related Learning and professional practice</li> <li>Supporting children's care and wellbeing</li> <li>Children's rights and voices. Listening to children.</li> <li>Introduction to safeguarding</li> <li>Facilitating and supporting play/learning</li> <li>Observing and record keeping</li> <li>Inclusive practice - working with children and their families in different circumstances and from different cultures</li> <li>Sharing/reflecting on practical experience from working with children and families in early years settings</li> <li>Constructions of normal development</li> <li>Identification of developmental and learning differences</li> <li>Strategies for supporting children with additional needs.</li> </ul>

## Part 3: Assessment

## Assessment Strategy

The Department of Education views assessment and assessment feedback as an integral part of the learning and teaching process and, as such, provides a range of assessment opportunities which are innovative and creative yet rigorous and able to fulfil the requirements of both the University of West of England and relevant professional bodies.

There will be both a variety of assessment types and methods utilised throughout each of the programmes and a variety of forms of feedback incorporating formative and summative perspectives on academic and professional development.

- **A: Conceptual Domain (Core) -** L1 The assignment demonstrates that the student can identify and use relevant ideas and perspectives for purposes of reflection upon issues under study.
- **B:** Literature Domain The assignment demonstrates that the student has an awareness of appropriate literature and can discuss its relevance to the task.
- **D:** Research Domain L1 The assignment demonstrates that the student can plan for and execute a small scale enquiry in a systematic manner, showing how their thinking was affected as the enquiry unfolded
- **E:** Ethical Domain L1 The assignment demonstrates that the student has an awareness of ethical issues associated with the area of study.
- **G:** Action Domain L1: The assignment demonstrates that the student has awareness of a relationship between theory and practice in the workplace, and can use reflection to develop a personal theory and refine professional practice, with due regard to issues of equity and social justice.

Resit (further attendance at taught classes is not required)	
Component A (controlled conditions)  Description of each element	Element weighting
Individual presentation on issues relating to working ethically and respectively with children and with the families and practitioners who support them. Title to be agreed with tutor.	100%
Up to 6 minutes presentation time and an additional 2 minutes for questions.	
In order to use interview material and observations as part of this work, students will need consent from the practitioner/s and the setting, and from parents/carers and children if appropriate, and approval from their tutor.	
Assessment criteria: AL1, BL1, EL1	
Component B FINAL Description of each element	Element weighting
A portfolio comprising 2 tasks.	50%
Task 1: An essay on an issue relating to children with additional needs, title to be agreed with tutor. (2000 words)	
Assessment Criteria: AL1, BL1 and GL1	
Task 2: A report on an aspect of children's learning drawing on observations from the student's WRL and on literature.(2000 words)	50%

In order to use observations as part of this work the student will need consent from the setting, parents/carers and children as appropriate, and approval from their tutor.

In order to pass the module, a record of Work Related Learning days undertaken must be attached to the front of this work.

Assessment criteria: AL1, BL1 EL1, GL1

If a student is permitted an **EXCEPTIONAL RETAKE** of the module the assessment will be that indicated by the Module Description at the time that retake commences.
