Demonstrate a critical understanding of research methodology and analysis relevant to researching with children (Component A); 2. Identify and analyse ethical issues, demonstrating awareness of multiple perspectives (Component A); 3. Locate research evidence in a social and policy context (Component A). <p>In addition the educational experience may explore, develop, and practise <u>but not formally discretely assess</u> the following:</p> <ol style="list-style-type: none"> 4. Link understanding and insights gained in this module to students own research interests.
Syllabus Outline	<ul style="list-style-type: none"> • Ethics relating to wider issues • Children as objects of study and multiple perspectives • Social and policy context of research • Ontology, epistemology and methodological approaches • Methods • Reliability, validity, reflexivity

<p>Contact Hours/Scheduled Hours</p>	<p>Contact time for this module will take the form of lectures, seminars, tutorials, directed study, online engagement and e-mail contact.</p> <p>The following structure represents a typical delivery; the precise delivery pattern will vary from year to year.</p> <p>Whole cohort events: 12 hours</p> <p>Smaller group events (seminars, tutorials): 20 hours</p> <p>Guided study (group and individual tasks, including online engagement): 4 hours</p> <p>Contact hours and patterns of delivery for Villa route may vary.</p>																									
<p>Teaching and Learning Methods</p>	<p>Scheduled learning: This includes lectures, seminars, tutorials, directed study, online engagement and e-mail contact.</p> <p>Independent learning: There is an expectation that students engage in approximately 3 hours of independent learning for each hour of contact time on a module. This work includes hours engaged with essential reading, additional reading around areas of particular interest, assignment preparation and completion and review of feedback.</p>																									
<p>Key Information Sets Information</p>	<p>Key Information Sets (KIS) are produced at programme level for all programmes that this module contributes to, which is a requirement set by HESA/HEFCE. KIS are comparable sets of standardised information about undergraduate courses allowing prospective students to compare and contrast between programmes they are interested in applying for.</p> <table border="1" data-bbox="464 1137 1362 1496"> <thead> <tr> <th colspan="5">Key Information Set - Module data</th> </tr> <tr> <td colspan="5"><i>Number of credits for this module</i></td> </tr> </thead> <tbody> <tr> <td></td> <td></td> <td></td> <td></td> <td style="border: 2px solid black;">15</td> </tr> <tr> <th>Hours to be allocated</th> <th>Scheduled learning and teaching study hours</th> <th>Independent study hours</th> <th>Placement study hours</th> <th>Allocated Hours</th> </tr> <tr> <td>150</td> <td>36</td> <td>114</td> <td>0</td> <td>150</td> </tr> </tbody> </table> <p>The table below indicates as a percentage the total assessment of the module which constitutes a -</p> <p>Written Exam: Unseen written exam, open book written exam, In-class test Coursework: Written assignment or essay, report, dissertation, portfolio, project Practical Exam: Oral Assessment and/or presentation, practical skills assessment, practical exam</p> <p>Please note that this is the total of various types of assessment and will not necessarily reflect the component and module weightings in the Assessment section of this module description:</p>	Key Information Set - Module data					<i>Number of credits for this module</i>									15	Hours to be allocated	Scheduled learning and teaching study hours	Independent study hours	Placement study hours	Allocated Hours	150	36	114	0	150

Reading Strategy*	<p>Essential reading: Students are expected to read one or more of the wide range of texts related to the issues covered in this module. Key texts will be listed in the module handbook and a copy of each is provided in the Library. Where texts are available as e-books, these will be available on the library website.</p> <p>Further reading: All students are expected to read widely using the library catalogue, a variety of bibliographic and full text databases and Internet resources. Many resources can be accessed remotely. Guidance to some key authors and journal titles available through the Library will be given in the Module Guide and updated annually. Assignment reference lists are expected to reflect the range of reading carried out.</p> <p>Access and skills: Students are expected to be able to identify and retrieve appropriate reading. Support is offered at L3 in the form of a library skills surgery to support students' work on methodology and their own research work. Additional support is available through the Library Services web pages, including interactive tutorials on finding books and journals, evaluating information and referencing. Sign up workshops are also offered by the Library.</p> <p>Indicative reading list: The list included as part of the module specification provides an indication of the type and level of texts which students might be expected to refer to as part of the work on this module. Current advice on additional reading will be found in the module handbook and on Blackboard.</p>
