### Part 3: Assessment

Assessment Strategy	<p>Trainees are required to reflect on their practice on a weekly basis, these reflections will form the basis of the assessment of this module. In the first assessment trainees are expected to relate their reflections within a theoretical framework.</p> <p>The second assessed element requires trainees to reflect critically on their professional development and practice and is informed by trainees' evidence of meeting the Teachers' Standards collated in the Professional Development Portfolio. Trainees are required to review their development as a teacher over the course of the PGCE programme, identifying their strengths and ongoing areas for further development during their induction year. It is expected that the reflections will be supported by theory.</p>
