Contact Hours/Scheduled Hours	<p>120 days in school/educational settings.</p> <p>This 30 credit module also uses the co-requisite Professional Development, Subject Knowledge for Teaching and Knowledge for Teaching: Classroom Based Enquiry modules to co-deliver and embed aspects of the module learning outcomes.</p>
Teaching and Learning Methods	<p>Scheduled learning: This includes structured school placement-based work, formal tutorials and meetings with school practitioners, in addition to lectures, seminars, tutorials, subject knowledge workshops, demonstrations, directed tasks, field work/study visits, technology-enhanced learning through online engagement and e-mail contact.</p> <p>Independent learning: There is an expectation that trainees engage in additional independent study, including preparation for teaching and assessment of learning.</p>
Reading Strategy	<p>All trainees will be encouraged to make full use of the print and electronic resources, available to them through membership of the University. These include a range of electronic journals and a wide variety of resources available through web sites and information gateways. The University Library's web pages provide access to subject relevant resources and services, and to the library catalogue. Many resources can be accessed remotely. Trainees will be presented with opportunities within the module to develop their information retrieval and evaluation skills in order to identify such resources effectively.</p> <p>All essential reading will be indicated clearly, along with the method for accessing it, e.g. trainees may be expected to purchase a set text, and will be referred to other texts held in the library and texts that are available electronically. Further guidance will be available in the module handbook and via the module information on UWE online.</p> <p>If further reading is expected this will be indicated clearly. If specific texts are listed in subject-specific documentation, a clear indication will be given regarding how to access them and, if appropriate, trainees will be given guidance on how to identify relevant sources for themselves, e.g. through use of bibliographical databases.</p> <p>Formal opportunities for trainees to develop their library and information skills will be provided within the induction period and by academic subject tutors. Additional support is available through the Library Services web pages including interactive tutorials on for example accessing electronic journal articles and referencing.</p>
