Part 2: Description

Overview: Not applicable

Features: Not applicable

Educational aims: See Learning Outcomes.

Outline syllabus: The syllabus is dictated by the nature of the work based learning, bounded only by the limits of what students actually do and learn about at work.

Part 3: Teaching and learning methods

Teaching and learning methods: There is little teaching within this module – the emphasis is very much upon student learning undertaken in practice and facilitated by an academic supervisor, and where appropriate, a workplace mentor. Students will identify an area of learning need or interest based on their performance at work. The methods of learning will be identified in an individually negotiated learning contract.

Scheduled learning will be restricted to introductory tutorial. Students will have access to online material.

Independent learning will form the vast majority of the educational activity in the module. This can take as many forms as there are activities at work. Students will be required to demonstrate their learning using academic literature which will also require searching and reading and critical reflection appropriate to the level and size of the module.

Module Learning outcomes: On successful completion of this module students will achieve the following learning outcomes.

MO1 Critically analyse a complex episode of work-based learning

Hours to be allocated: 50

Contact hours:

Independent study/self-guided study = 16 hours

Placement = 33 hours

Face-to-face learning = 1 hours

Total = 50

Reading list: The reading list for this module can be accessed at [readinglists.uwe.ac.uk](https://uwe.rl.talis.com/index.html) via the following link <https://uwe.rl.talis.com/index.html>

Part 4: Assessment

Assessment strategy: The learning outcome can be demonstrated in a number of ways as discussed and documented in the learning contract. The 'default' position is a piece of critical reflection supported by appropriate literature, but any evidence at the appropriate level meeting the outcome and consistent with 50 hours learning and equivalent to a 1500 word essay can be used.

Assessment tasks:

Project (First Sit)

Description: Project or report equivalent to 1500 words

Weighting: 100 %

Final assessment: Yes

Group work: No

Learning outcomes tested: MO1

Project (Resit)

Description: Project or report equivalent to 1500 words

Weighting: 100 %

Final assessment: Yes

Group work: No

Learning outcomes tested: MO1
