

CORPORATE AND ACADEMIC SERVICES

MODULE SPECIFICATION

Part 1: Basic data					
Module title	Equitation				
Module code	UIEXN6-15-1	Level	1	Version	1
Owning faculty	Hartpury	Field	Equine		
Contributes towards	BSc (Hons) Equestrian Sports Coaching BSc (Hons) Equestrian Sport Science BSc (Hons) Equine Science BSc (Hons) Equine Science (SW) FdSc Equine Science and Management FdSc Equine Performance FdSc Equine Performance (SW) FdSc Equine Management MSci Equine Science MSci Equine Science (SW)				
UWE credit rating	15	ECTS credit rating	7.5	Module type	Standard
Pre-requisites	BHS Stage 2 (Riding), Pony Club B Test, or equivalent		Co-requisites	None	
Excluded combinations	None		Module entry requirements	None	
Valid from	01 September 2015		Valid to	01 September 2019	

CAP approval date	03 February 2015
--------------------------	------------------

Part 2: Learning and teaching	
Learning outcomes	At the end of this module the student should be able to: <ol style="list-style-type: none"> 1 Show clear understanding and knowledge of the theory of equitation and apply to the basic principles of training horses (A, B). 2 Show clear knowledge and understanding of fitting horses for general work (A, B). 3 Demonstrate a knowledge of the rules and regulations governing equestrian competition and their implications for training and competing horses (A, B). 4 Assessment of a range of horses in a variety of environments and analysis of their techniques (B).
Syllabus outline	<ol style="list-style-type: none"> 1 The development of appropriate practical techniques to work horses in a variety of environments. 2 Principles of equitation theory, to include: history of equitation, the classical seat, jumping position. 3 An outline of how to train horses on the flat and an introduction to working over fences.

	<p>4 Rules and regulations, to include British Dressage, British Eventing, BSJA, Endurance GB.</p> <p>5 Awareness of basic lateral work (leg yield, shoulder in, turn on the forehand, turn on quarters) and work over fences (uprights, spreads, combinations).</p> <p>6 Prepare a horse for competition.</p> <p>Some of the above topics will be considered in line with but not exclusively to the current British Horse Society Horse Knowledge and Care Stages, awarded by Equestrian Qualifications GB Limited, Levels one to three (please see associated matrix within the programme specification).</p>															
Contact hours	<p>Indicative delivery modes:</p> <table border="0" style="width: 100%;"> <tr> <td>Lectures, guided learning, seminars etc</td> <td style="text-align: right;">33</td> </tr> <tr> <td>Self directed study</td> <td style="text-align: right;">3</td> </tr> <tr> <td>Independent study</td> <td style="text-align: right;">114</td> </tr> <tr> <td>TOTAL</td> <td style="text-align: right;">150</td> </tr> </table>	Lectures, guided learning, seminars etc	33	Self directed study	3	Independent study	114	TOTAL	150							
Lectures, guided learning, seminars etc	33															
Self directed study	3															
Independent study	114															
TOTAL	150															
Teaching and learning methods	<p>A variety of learning strategies will be used including scheduled learning, where students will receive theoretical underpinning knowledge and also learn how to contextualize theory to the equitation (36 hours). It is expected that students will spend a minimum of 114 hours on guided independent learning as this is an essential component of modules at undergraduate level. Students will not be able to complete the module successfully without undertaking the required amount of independent learning. This independent learning will include a combination of lone study and individual, pair and group work.</p> <p>Scheduled learning May include lectures, seminars, guest lectures from industry, practical demonstrations, video analysis and group discussion. Students will be given the opportunity to participate in practical riding sessions.</p> <p>Independent learning May include hours engaged with essential reading, directed reading to engage group work and discussion during formal sessions. These sessions constitute an average time per level as indicated in the table below.</p> <p>Virtual learning environment (VLE) (or equivalent) This specification is supported by a VLE where students will be able to find all necessary module information. Direct links to information sources will also be provided from within the VLE.</p>															
Key information sets information	<p>Key information sets (KIS) are produced at programme level for all programmes that this module contributes to, which is a requirement set by HESA/HEFCE. KIS are comparable sets of standardised information about undergraduate courses allowing prospective students to compare and contrast between programmes they are interested in applying for.</p> <p><u>Key information set – module data</u></p> <table border="1" style="width: 100%; border-collapse: collapse;"> <tr> <td colspan="4">Number of credits for this module</td> <td style="text-align: center; border: 1px solid black;">15</td> </tr> <tr> <th style="width: 15%;">Hours to be allocated</th> <th style="width: 25%;">Scheduled learning and teaching study hours</th> <th style="width: 25%;">Independent study hours</th> <th style="width: 20%;">Placement study hours</th> <th style="width: 15%;">Allocated hours</th> </tr> <tr> <td style="text-align: center;">150</td> <td style="text-align: center;">36</td> <td style="text-align: center;">114</td> <td style="text-align: center;">0</td> <td style="text-align: center;">150</td> </tr> </table> <p>The table below indicates as a percentage the total assessment of the module which constitutes a:</p> <p>1 <i>Written exam:</i> Unseen written exam, open book written exam, in-class test. 2 <i>Coursework:</i> Written assignment or essay, report, dissertation, portfolio, project.</p>	Number of credits for this module				15	Hours to be allocated	Scheduled learning and teaching study hours	Independent study hours	Placement study hours	Allocated hours	150	36	114	0	150

Reading strategy	<p>Essential reading Core material will be indicated to the student via pre-course material, module guides and through their accessing a dedicated VLE programme presence. No requirement for the purchase of set text(s) will be made and students will have full access to library services, online applications, and inter-library loans.</p> <p>Further reading Students are expected to identify all other reading relevant to their chosen topic for themselves. They will be required to read widely using the library catalogue, a variety of bibliographic and full text databases, and Internet resources. Many resources can be accessed remotely. The purpose of this further reading is to ensure students are familiar with current research, classic works and material specific to their interests from the academic literature and wider professional sources.</p> <p>Access and skills Formal opportunities for students to develop their library and information skills are provided within the induction period and student skills sessions. Additional support is available through online resources. This includes interactive tutorials on finding books and journals, evaluation information and referencing. Sign up workshops are also offered.</p>								
Indicative reading list	<p>The following list is offered to provide validation panels/accrediting bodies with an indication of the type and level of information students may be expected to consult. As such, its currency may wane during the life span of the module specification. However, as indicated above, CURRENT advice on readings will be available via other more frequently updated mechanisms, including the module guide.</p> <ul style="list-style-type: none"> • French, J. (Current Edition) <i>The BHSAI course companion</i>. London: J. A. Allen & Company Limited. • German National Equestrian Federation (Current Edition) <i>The principles of riding</i>. Buckingham: The Kenilworth Press Ltd. • German National Equestrian Federation (Current Edition) <i>Advanced techniques of riding</i>. Buckingham: The Kenilworth Press Ltd. • Paalman, A. (Current Edition) <i>Training showjumpers</i>. London: J. A. Allen & Company Limited. • Sivewright, M. (Current Edition) <i>Thinking riding: Book 2 "In good form"</i>. London: J. A. Allen & Company Limited. • The British Horse Society (Current Edition) <i>The BHS manual of equitation</i>. Buckingham: The Kenilworth Press Ltd. 								

Part 3: Assessment

Assessment strategy	<p>Appropriate assessment techniques will be employed to ensure that learners can meet the breadth of learning outcomes presented in this module alongside the ability to demonstrate transferable skills.</p> <p>Written assignment: With particular emphasis on the knowledge, understanding and evaluation of equitation theory and its practical application to the basic training of horses.</p> <p>Written examination: Students will be tested under controlled conditions about their knowledge and understanding of equitation theory, including the basic principles of training and fittening of horses for general work. Along with the rules and regulations governing equestrian competition and their implications for training and competing horses.</p> <p>Opportunity for formative assessment exist for the assessment strategy used. Verbal feedback is given and all students will engage with personalised tutorials setting SMART targets as part of the programme design.</p> <p>In line with the College's commitment to facilitating equal opportunities, a student may apply for alternative means of assessment if appropriate. Each application will be considered on an individual basis taking into account learning and assessment needs. For further information regarding this please refer to the VLE.</p>		
Identify final assessment component and element	Written Examination		
% weighting between components A and B (Standard modules only)	A:	B:	
	50%	50%	
First sit			
Component A (controlled conditions)		Element weighting	
Description of each element			
1	Written examination (1 hour)	100%	
Component B		Element weighting	
Description of each element			
1	Written assignment (2000 Words)	100%	
Resit (further attendance at taught classes is not required)			
Component A (controlled conditions)		Element weighting	
Description of each element			
1	Written examination (1 hour)	100%	
Component B		Element weighting	
Description of each element			
1	Written assignment (2000 Words)	100%	
If a student is permitted an EXCEPTIONAL RETAKE of the module the assessment will be that indicated by the Module Description at the time that retake commences.
