Professional, statutory or regulatory body requirements: None

Part 2: Description

Overview: Not applicable

Features: Not applicable

Educational aims: See Learning Outcomes.

Outline syllabus: The aim of this module is to provide the student opportunity to explore a topic of their choice, of national or global significance to the midwifery profession.

The specific content of the module will be negotiated with a member of academic staff of the Faculty and will vary as a function of the identified topic or area of practice for exploration.

Part 3: Teaching and learning methods

Teaching and learning methods: A learning contract will be negotiated between the student and a member of academic staff from which a programme of study will be agreed. The learning activities may also be carried out in practice or other placements such as during elective opportunities.

Scheduled learning supervision, fieldwork; external visits; work based learning;

Independent learning includes hours engaged with essential reading, case study preparation, assignment preparation and completion etc. Scheduled sessions may vary slightly depending on the module choices you make.

Placement learning: may include a practice placement, other placement, experience abroad or in an alternative practice placement. (e.g. in the UK).

Contact Hours: 3 hours contact face to face per student. Online work 9 hours.

Module Learning outcomes: On successful completion of this module students will achieve the following learning outcomes.

MO1 Demonstrate understanding and knowledge of an aspect of midwifery practice of either national or international importance

MO2 Critically analyse the significance of the chosen topic in relation to midwifery practice in the UK and/or globally

MO3 Reflect on and evaluate ideas and experiences related to the topic or aspect of midwifery practice for the chosen investigation

Hours to be allocated: 150

Contact hours:

Independent study/self-guided study = 138 hours

Face-to-face learning = 12 hours

Total = 150

Reading list: The reading list for this module can be accessed at [readinglists.uwe.ac.uk](https://uwe.rl.talis.com/index.html) via the following link <https://uwe.rl.talis.com/index.html>

Part 4: Assessment

Assessment strategy: Students will identify a topic relevant to women's health or the midwifery profession of national or international significance. They will reflect on their learning and explore the implications to midwifery practice.
