

MODULE SPECIFICATION

Part 1: Information			
Module Title	Principles of Cancer Care		
Module Code	UZTSWA-20-3	Level	Level 6
For implementation from	September 2020		
UWE Credit Rating	20	ECTS Credit Rating	10
Faculty	HAS	Field	Continuing Care Adult Nursing
Department	Nursing and midwifery		
Contributes towards	BSc (Hons) Specialist Practice (District Nursing) BSc (Hons) Health and Social Care MSc Specialist Practice (District Nursing) MSc Advanced Practice Professional Development Award Masters Apprenticeship – Advanced Clinical Practice BSc (Hons) Nursing (International)		
Module type:	Standard		
Pre-requisites	None		
Excluded Combinations	None		
Co- requisites	None		
Module Entry requirements	None		

Part 2: Description
<p>This module explores the key aspects of cancer in clinical care and wider society. Contemporary issues for those living with and beyond cancer will be discussed, considered and investigated. Drawing on clinical expertise and research the module will enable healthcare professionals to develop their knowledge, understanding and professional practice within the speciality of oncology and beyond.</p>
Part 3: Assessment
<p>Students will develop and submit a conference style poster which critically explores an aspect of cancer care related to their practice or learning. Students will defend their poster in a viva consisting of a 10 minute presentation and 10 minutes question and answer session (A) . The poster and viva will be assessed. Students will have opportunity for formative support and assessment throughout the module via assignment support sessions and feedback on a poster and presentation plans.</p>

Identify final timetabled piece of assessment (component and element)		Component A																																					
% weighting between components A and B (Standard modules only)		A:	B:																																				
First Sit																																							
Component A (controlled conditions) Description of each element		Element weighting (as % of component)																																					
1. Conference style poster, presentation and question and answer session		100%																																					
Component B Description of each element		Element weighting (as % of component)																																					
Resit (further attendance at taught classes is not required)																																							
Component A (controlled conditions) Description of each element		Element weighting (as % of component)																																					
1. Conference style poster, presentation and question and answer session		100%																																					
Component B Description of each element		Element weighting (as % of component)																																					
Part 4: Learning Outcomes & KIS Data																																							
Learning Outcomes	<p>On successful completion of this module students will be able to:</p> <ul style="list-style-type: none"> • Demonstrate knowledge of cancer biology, aetiology and treatments • Highlight long term and late effects associated with cancer diagnosis and treatments • Explain the principles of proactive management for people affected by cancer including self-care, self-management and enabling independence • Discuss the psychosocial impact of cancer on individuals, families and society • Reflect on the impact of their learning on their professional practice
