Part 1: Information

Module title: Promoting the Health of School-Aged Children in the Community

Module code: UZVRTQ-20-3

Level: Level 6

For implementation from: 2023-24

UWE credit rating: 20

ECTS credit rating: 10

Faculty: Faculty of Health & Applied Sciences

Department: HAS Dept of Social Sciences

Partner institutions: None

Field: Health, Community and Policy Studies

Module type: Module

Pre-requisites: None

Excluded combinations: Promoting the Health of School-Aged Children in the Community 2023-24

Co-requisites: None

Continuing professional development: Yes

Professional, statutory or regulatory body requirements: None

Part 2: Description

Overview: Excluded Combinations: Level M version of this module

Features: Module Entry Requirements: Students should have prior academic learning at an appropriate level, and experience of, or be working in, an appropriate environment to meet the learning outcomes.

Educational aims: See Learning Outcomes

Outline syllabus: Working in partnership with parents and agencies such as education to promote the health and well-being of the school-age population.

Professional, ethical and legal principles when working with school aged children and young people. (for example; children's rights, consent and confidentiality).

Development in adolescence (e.g. social determinants, cognitive development, key transition points, lifestyle choices and promoting health).

Communicating with children and young people; including use of texting, Internet and social media. (e.g. innovation in providing access to services, media influences, exploitation and safeguarding, social marketing, body image).

Principles of sexual health for young people (including relationships, and teenage pregnancy).

Issues in emotional health and well-being and mental health in children and young people.

Working with vulnerable or hard to reach children and young people (for example; children not in school, young carers, looked- after children, complex needs, young offenders).

Part 3: Teaching and learning methods

Teaching and learning methods: A variety of approaches will be used which may include; lectures, seminars, group work, problem solving based learning and master classes. A blended approach will be included with learning material available via blackboard.

Scheduled learning includes lectures, seminars, tutorials, project supervision, demonstration, practical classes and workshops; fieldwork; external visits; work based learning; supervised time in studio/workshop.

Independent learning includes hours engaged with essential reading, case study preparation, assignment preparation and completion etc. Scheduled sessions may vary slightly depending on the module choices you make.

Contact hours: 30 hours (4 days teaching and 1 day assessment).

Module Learning outcomes: On successful completion of this module students will achieve the following learning outcomes.

MO1 Analyse the complexities of partnership working to promote the health of school-aged children

MO2 Interpret and apply policy and legislation; taking into account professional and ethical considerations when working with children and young people

MO3 Evaluate methods of communicating with young people to provide information and access to services and demonstrate an understanding of the Internet and social media use by children and young people

MO4 Analyse the determinants of health in relation to adolescence and hard to reach or vulnerable children and young people

MO5 Demonstrate the knowledge and ability to present information clearly and effectively. Consider and evaluate how the intended message has been heard and understood

Hours to be allocated: 200

Contact hours:

Independent study/self-guided study = 170 hours

Face-to-face learning = 30 hours

Total = 200

Reading list: The reading list for this module can be accessed at [readinglists.uwe.ac.uk](https://uwe.rl.talis.com/modules/uzvrtq-20-3.html) via the following link <https://uwe.rl.talis.com/modules/uzvrtq-20-3.html>

Part 4: Assessment

Assessment strategy: The module has one assessment task; a presentation.

Students are required to prepare and deliver an individual presentation, which will demonstrate their learning and ability to critically analyse key areas outlined in the learning outcomes.

The presentation will be a maximum of 30 minutes, and this must include an opportunity for questions.

A formative aspect of assessment will exist with feedback given on planning and preparation. Content will be assessed for originality, accuracy and clarity.

Presentation skills will also be assessed for clarity and effectiveness. Questions will allow for an opportunity to clarify the student's knowledge and understanding.

Assessment tasks:

Presentation (First Sit)

Description: Individual presentation (a maximum of 30 minutes)

Weighting: 100 %

Final assessment: Yes

Group work: No

Learning outcomes tested: MO1, MO2, MO3, MO4, MO5

Presentation (Resit)

Description: Individual presentation (a maximum of 30 minutes)

Weighting: 100 %

Final assessment: Yes

Group work: No

Learning outcomes tested: MO1, MO2, MO3, MO4, MO5

Part 5: Contributes towards

This module contributes towards the following programmes of study:

Public Health (Specialist Community Public Health Nursing - School Nursing) {Top-Up} [Glenside] BSc (Hons) 2023-24

Public Health (Specialist Community Public Health Nursing - School Nursing) {Top-Up} [Glenside] BSc (Hons) 2023-24
