<b>Part 2: Description</b>
<p>This module will introduce the Trainee Nursing Associate to working independently within defined parameters of practice. Taking the appropriate initiative in a variety of situations and performing a range of clinical/practical skills consistent with the roles, responsibilities and professional values of the nursing associate.</p> <p>This module will be delivered in practice and will be based upon a range of clinical skills, knowledge and evidence to meet the needs of a range of patient and client groups.</p> <p>By the end of the module the Trainee Nursing Associate (TNA) will demonstrate the attitudes and behaviours necessary for the role of a nursing associate.</p> <p>This module will introduce year 2 competencies enabling the TNA to work towards the intended learning outcomes for the end of year two. The module includes competencies related to the 8 domains for the role of the Nursing Associate.</p> <p>The TNA will have an identified mentor, and will have the opportunity to undertake placement experiences in settings where care is delivered close to the client's home, in the client's home and in hospital settings. This module also enables the learner to experience other areas of practice, for example mental health community outreach teams, health visiting or school nursing. This enables the learner to enhance their knowledge and skills to meet the overall aims of the module in working across organisational and health and social care boundaries.</p> <p>The 8 domains identified within the Nursing Associate Curriculum Framework (NHS HEE 2016) are:</p> <ul style="list-style-type: none"> <li>• Domain 1: Professional values and parameters of practice</li> <li>• Domain 2: Person-centred approaches to care</li> </ul>

<ul style="list-style-type: none"> <li>• Domain 3: Delivering care</li> <li>• Domain 4: Communication and inter-personal skills</li> <li>• Domain 5: Team-working and leadership</li> <li>• Domain 6: Duty of care, candour, equality and diversity</li> <li>• Domain 7: Supporting learning and assessment in practice</li> <li>• Domain 8: Research, development and innovation</li> </ul>	
Each of the domains has a set of competencies to achieve in year 2.	
<b>Part 3: Assessment</b>	
Students will need to achieve all competencies for year 2 as outlined in the Practice Assessment Document. Students will have 300 hours of assessed practice and this will be confirmed and verified by their mentor, a registered nurse
