

ACADEMIC SERVICES

MODULE SPECIFICATION

Part 1: Basic Data					
Module Title	Teaching and Learning for Learning Disabilities Nursing Practice				
Module Code	UZZSRA-15-3	Level	3	Version	2
UWE Credit Rating	15	ECTS Credit Rating	7.5	WBL module?	NO
Owning Faculty	Health and Applied Sciences	Field	Mental Health and Learning Disabilities		
Department	Nursing and Midwifery	Module Type	Standard		
Contributes towards	BSc(Hons) Nursing (Learning Disabilities) Graduate Diploma Nursing (Learning Disabilities)				
Pre-requisites	none	Co-requisites	none		
Excluded Combinations	none	Module Entry requirements	none		
Valid from	November 2019				

Part 2: Learning and Teaching	
Learning Outcomes	<p>On successful completion of this module students will be able to:</p> <ul style="list-style-type: none"> Analyse the principles and practices of effective safe evidence based learning and assessment in the workplace Establish effective working relationships that facilitate personal development in self and others, and positively influence organisational change Demonstrate ability to offer and receive constructive formal and informal feedback Reflect on personal learning needs and identify future support systems Complete practice supervision preparation for NMC practice supervisor status, in preparation for qualification. <ul style="list-style-type: none"> All learning outcomes are assessed by Component A
Syllabus Outline	<p>Professional Values</p> <ul style="list-style-type: none"> Teaching using reflection in and on action Legal and Ethical Dilemmas in complex care settings Issues of vulnerability, abuse and exploitation of people with learning disabilities Public involvement in education and learning <p>Communication and Interpersonal Skills</p> <ul style="list-style-type: none"> Effective communication including questioning and feedback skills Skills involved in supervision, teaching and leadership Involve people with learning disabilities and their carers. Relevant psycho-motor skills. Presentation skills.

Nursing Practice and Decision Making

- Frameworks for support, supervision and assessment
- Practice Development
- Learning outcomes, aims and objectives
- Assessment processes

Leadership, Management and Team working

- Teaching and learning: facilitating the development of others
- Stress management and supervision
- Adult learning barriers and behaviours

Practice Supervisor role

- Culture of learning in practice, including different models of supervision and utilising the framework of coaching.
- Practice supervisor, practice assessor and academic assessor role and responsibilities (including use of the practice assessment document, and understanding of assessment criteria to provide relevant feedback and feedforward)
- Identify learning opportunities, across professions
- Student learning experience including reasonable adjustments or equality and diversity considerations that may need to be met
- Process of appropriately raising and responding to student conduct and proficiency concerns using the AEI's fitness to practice procedures and the AEI guidelines to report care concerns and describe how to gain support in doing so.

Contact Hours 36 hours contact which may include contact via teaching and learning methods below

Teaching and Learning Methods

Scheduled learning includes lectures, seminars, tutorials, demonstration, practical classes, student led presentations and teaching, and workshops

Independent learning includes hours engaged with essential reading, teaching session preparation, assignment preparation and completion etc. These sessions constitute an average time per level as indicated in the table below.

Key Information Sets Information

Key Information Sets (KIS) are produced at programme level for all programmes that this module contributes to, which is a requirement set by HESA/HEFCE. KIS are comparable sets of standardised information about undergraduate courses allowing prospective students to compare and contrast between programmes they are interested in applying for.

Key Information Set - Module data				
<i>Number of credits for this module</i>				15
Hours to be allocated	Scheduled learning and teaching study hours	Independent study hours	Placement study hours	Allocated Hours
150	36	114	0	150

The table below indicates as a percentage the total assessment of the module which constitutes a -

Practical Exam: practical skills assessment,

Please note that this is the total of various types of assessment and will not necessarily reflect the component and module weightings in the Assessment section of this module description:

Total assessment of the module:				
Written exam assessment percentage				
Coursework assessment percentage				
Practical exam assessment percentage				100%
				100%

Reading Strategy

Core readings

It is essential that students read one of the many texts available through the Library. Module guides will also reflect the range of reading to be carried out.

Further readings

Students are expected to identify all other reading relevant to their chosen research topic for themselves. They will be encouraged to read widely using the library search, a variety of bibliographic and full text databases, and Internet resources. Many resources can be accessed remotely.

Access and skills

The development of literature searching skills is supported by a Library seminar provided within the first semester. These level three skills will build upon skills gained by the student whilst studying at levels one and two. Additional support is available through the Library Services web pages, including interactive tutorials on finding books and journals, evaluating information and referencing. Sign-up workshops are also offered by the Library.

Indicative Reading List

The following list is offered to provide validation panels/accrediting bodies with an indication of the type and level of information students may be expected to consult. As such, its currency may wane during the life span of the module specification. *Current* advice on additional reading will be available via the [Online Reading List](#).

References are cited according to [UWE Harvard](#), the prescribed form of referencing within the Faculty of Health and Applied Sciences.

Part 3: Assessment	
Assessment Strategy	<p>The assessment within this module has been designed to enhance and support students in their teaching skills, as this will be a key aspect of their role as a mentor of the future.</p> <p>The learning outcomes include the NMC requirements for the practice supervisor role so that on completion of the module students will be able to undertake this role on registration.</p> <p>Formative assessment</p> <ul style="list-style-type: none"> • A lesson plan • Workbook <p>Component A</p> <p>A maximum of 25 minutes teaching session based on an agreed topic related to practice. The 25 minutes includes time for critical questioning.</p> <p>The teaching session will be delivered to peers within the classroom setting. Students will agree the focus or theme with the module leader or group facilitator.</p>

Identify final assessment component and element	Component A	
% weighting between components A and B (Standard modules only)	A:	B:
	100%	
First Sit		
Component A (controlled conditions) Description of each element	Element weighting (as % of component)	
Maximum of 25 minute teaching assessment	100%	

Resit (further attendance at taught classes is not required)	
Component A (controlled conditions) Description of each element	Element weighting (as % of component)
Maximum of 25 minute teaching assessment	100%
<p>If a student is permitted a retake of the module under the University Regulations and Procedures, the assessment will be that indicated by the Module Description at the time that retake commences.</p>
