Part 4: Assessment

Assessment strategy: The portfolio assessment will reflect the teaching foci of the module, leadership, Inter-professional collaboration and ethical and professional practice. Students will be required to submit assessments that demonstrate engagement within each of these areas. This will take the form of a reflective blog with entries on professional futures, response to safeguarding case study, and reflection on WRL interviews with someone in a chosen educate role on the role in multi-agency working. Safeguarding training will form a compulsory element.

A choice of specific interests within the portfolio will support students in developing a reflective understanding of their professional identity that will build on learning from previous modules and support their practice in their chosen field.

The requirement for students to present work relating to themselves and their experiences means this meets controlled conditions.
