Private Practice

Presentation of information:

Presentation skills using IT

Communication skills

Part 3: Teaching and learning methods

Teaching and learning methods: These will comprise of online learning materials and group work as well as in placement sessions.

Module Learning outcomes: On successful completion of this module students will achieve the following learning outcomes.

MO1 Discuss the ethical issues related to professional practice, role extension and continuous professional development (CPD).

MO2 Explore the opportunities and challenges of changing healthcare for the radiographer, showing an understanding of the role of audit, governance and service improvement initiatives in relation to the quality assurance process.

MO3 Reflect on how radiographers develop professional and transferable skills to enhance their future roles and responsibilities, as expressed in the current Code of Professional Conduct (HCPC and SCoR).

MO4 Critically evaluate and reflect on the contribution of professional / nonprofessional groups within the context of inter-professional / inter-agency practice.

MO5 Use IT effectively for the development of an oral presentation.

Hours to be allocated: 150

Contact hours:

Independent study/self-guided study = 114 hours

Face-to-face learning = 36 hours

Total = 150

Reading list: The reading list for this module can be accessed at [readinglists.uwe.ac.uk](https://uwe.rl.talis.com/index.html) via the following link <https://uwe.rl.talis.com/index.html>

Part 4: Assessment

Assessment strategy: Assessment: a 20 minute oral presentation, including 10 minutes for critical questioning of the content.

Rationale: This format of assessment enables the student to present and be questioned on their critical reflections on their progress in the degree, their suitability to the role of a Band 5 Radiographer and their career/CPD aspirations. It is excellent preparation for an interview scenario and enhances student employability.

Formative Assessment

Mock interview opportunities are made available to assist with communication skills, and feedback on performance is given to support the presentation.

Assessment tasks:**Presentation (First Sit)**

Description: Oral presentation (20 minutes)

Weighting: 100 %

Final assessment: Yes

Group work: No

Learning outcomes tested: MO1, MO2, MO3, MO4, MO5

Presentation (Resit)

Description: Oral presentation (20 minutes)

Weighting: 100 %

Final assessment: Yes

Group work: No

Learning outcomes tested: MO1, MO2, MO3, MO4, MO5

Part 5: Contributes towards

This module contributes towards the following programmes of study:

Diagnostic Radiography {Apprenticeship-UWE} [Nov][FT][Glenside][3yrs] BSc (Hons)
2021-22
