	<ol> <li>Understand that teaching and learning approaches develop from children's interests and prior experiences. (A &amp; B)</li> </ol>
Syllabus Outline	This module focuses on developing and supporting learner's knowledge and understanding of environments and the impact they have on learning. It also provides an opportunity to develop a more specialist understanding of a chosen subject area.
Contact Hours/Scheduled Hours	Approximately 60 scheduled hours made up of seminars, lectures, directed tasks and independent study.

Teaching and Learning Methods	Scheduled learning: This includes whole cohort lectures, seminars, directed tasks, field work/study visits, technology-enhanced learning through online engagement and e-mail contact. Independent learning: There is an expectation that trainees engage in additional independent study, including engaging with essential and further reading, working on personal subject knowledge, preparation for and completion of assignments.						
Key Information Sets Information	<ul> <li>Key Information Sets (KIS) are produced at programme level for all programmes that this module contributes to, which is a requirement set by HESA/HEFCE. KIS are comparable sets of standardised information about undergraduate courses allowing prospective students to compare and contrast between programmes they are interested in applying for.</li> <li>Further detail on Key Information Sets and how the University is implementing its requirements can be found at <a href="https://share.uwe.ac.uk/sites/ar/kis/KIS%20Background%20Information/Forms/AllItems.aspx">https://share.uwe.ac.uk/sites/ar/kis/KIS%20Background%20Information/Forms/AllItems.aspx</a> This also contains further guidance on how to complete the information requested below.</li> <li>A KIS is required for every undergraduate programme (including integrated Masters and foundation degrees) so please fill this section if this module will contribute to an undergraduate programme.</li> <li>Double click in the table and type over the number of hours – the table will total automatically. Please ensure that it totals correctly.</li> </ul>

Reading Strategy	All students will be encouraged to make full use of the print and electronic resources, available to them through membership of the University. These include a range of electronic journals and a wide variety of resources available through web sites and information gateways. The University Library's web pages provide access to subject relevant resources and services, and to the library catalogue. Many resources can be accessed remotely. Students will be presented with opportunities within the module to develop their information retrieval and evaluation skills in order to identify such resources effectively. All <b>essential reading</b> will be indicated clearly, along with the method for accessing it, e.g. students will be expected to purchase a set text, and will be referred to other texts held in the library and texts that are available electronically. Further guidance will be available in the module handbook and via the module information on UWE online. If <b>further reading</b> is expected, this will be indicated clearly. If specific texts are listed, a clear indication will be given regarding how to access them and, if appropriate, students will be given guidance on how to identify relevant sources for themselves, e.g. through use of bibliographical databases.						

	information and referencing. Sign up workshops are also offered by the Library.

	Part 3: Assessment
Assessment Strategy	The module assessment focuses on informal and formal assessment of learning outcomes associated with the Foundation Curriculum, including a range of activities that include planning and teaching in the Foundation subjects.
	Trainees will be expected to reflect on their own learning and developing subject knowledge in the foundation subjects.
	Assessment criteria for the module
	A: Conceptual Domain (Core)
	L1The assignment demonstrates that the student can identify and use relevant ideas and perspectives for purposes of reflection upon issues under study.
	B: Literature Domain
	L1The assignment demonstrates that the student has an awareness of appropriate literature and its relevance to the task.
	C: Contextual Domain
	L1The assignment demonstrates that the student has an awareness of contextual factors (e.g. personal, locational, historical, political etc) influencing the area of study.
