	<p>7. Using authoritative evidence from the literature, critically discuss and analyse principles underpinning children's learning within the core curriculum subjects and how this impacts on pedagogical decisions; (A)</p> <p>8. Work effectively as an independent, self-motivated and self-critical learner demonstrating the capacity to engage in self-critical reflection on their own learning leading to purposeful target setting and personal professional development; (A)</p>
Syllabus Outline	<p>Core subject and pedagogical knowledge.</p> <p>Subject knowledge for teaching early reading and mathematics, including systematic synthetic phonics.</p> <p>National Curriculum specifications and assessment requirements.</p> <p>Assessment of prior knowledge, and formative and summative assessment strategies.</p> <p>Use of assessment to inform medium term planning, planning lessons and target setting for pupils.</p> <p>Current national educational policy, curriculum and priority agendas,</p>
Contact Hours/Scheduled Hours	Contact time for this module will take the form of lectures, seminars, workshops, presentations, directed study and online engagement.
Teaching and Learning Methods	<p><b>Scheduled learning</b> includes lectures, seminars, tutorials, workshops, external visits, work based learning..</p> <p><b>Independent learning</b> includes hours engaged with essential reading, assignment preparation and completion etc. These sessions constitute an average time per level as indicated in the table below. Scheduled sessions will vary.</p>
Reading Strategy	<p>All trainees will be encouraged to make full use of the print and electronic resources, available to them through membership of the University. These include a range of electronic journals and a wide variety of resources available through web sites and information gateways. The University Library's web pages provide access to subject relevant resources and services, and to the library catalogue. Many resources can be accessed remotely. Trainees will be presented with opportunities within the module to develop their information retrieval and evaluation skills in order to identify such resources effectively.</p> <p>All <b>essential reading</b> will be indicated clearly, along with the method for accessing it, e.g. trainees may be expected to purchase a set text, and will be referred to other texts held in the library and texts that are available electronically. Further guidance will be available in the module handbook and via the module information on UWE online.</p> <p>If <b>further reading</b> is expected this will be indicated clearly. If specific texts are listed in subject-specific documentation, a clear indication will be given regarding how to access them and, if appropriate, trainees will be given guidance on how to identify relevant sources for themselves, e.g. through use of bibliographical databases.</p> <p>Formal opportunities for trainees to develop their library and information skills will be provided within the induction period and by academic subject tutors. Additional support is available through the Library Services web pages including interactive tutorials on for example accessing electronic journal articles and referencing.</p>
