Part 2: Description
<p>Educational Aims: This module provides an opportunity for students to directly experience working in or with a particular agency involved in planning. The module seeks to ensure that students can improve their employability through the development of general and specific professional skill needed in the workplace. The module will also give the student an opportunity to take part in and observe how the planning process works in practice.</p> <p>Outline Syllabus: The module will run in two parts. The first part will prepare the students for undertaking their work placement. This will consist of six sessions over the year as a whole, with one of these sessions taking place immediately prior to the commencement of the placement. The content of these sessions will include lectures, guest speakers from a range of relevant agencies and workshops to support and prepare the students for their work based learning. Support will include preparation for employment, interview techniques, CV writing, presentation skills, office practice, professional ethics and standards.</p> <p>The second part of the module will consist of the six-week placement period. The student will work in an agency of planning or on a project concerned with planning for six weeks, reaching a</p>
