

MODULE SPECIFICATION

Part 1: Information						
Module Title	Entrepreneurial Skills					
Module Code	UFCF95-15-3		Level	Level 6		
For implementation from	2019-	2019-20				
UWE Credit Rating	15		ECTS Credit Rating	7.5		
Faculty	Faculty of Environment & Technology		Field	Computer Science and Creative Technologies		
Department	FET [FET Dept of Computer Sci & Creative Tech				
Module type:	Standard					
Pre-requisites		None				
Excluded Combinations		None				
Co- requisites		None				
Module Entry requirements		None				

Part 2: Description

Overview: This module is intended to stimulate interest in business innovation and product development amongst students following computing-based awards. Students will be led through the process of starting their first business, with discussions relating to technical, marketing, financial and personnel issues.

Educational Aims: In addition to the learning outcomes, the educational experience may explore, develop, and practise but not formally discretely assess the following:

Communicating with a range of stake holders, self-management and planning.

Outline Syllabus: Topics covered include

The Product or Service:
Deciding on the product
Competitive marketplace
The customer value proposition
Distinctive Selling Point

Practical Issues:

Building a demonstration prototype

STUDENT AND ACADEMIC SERVICES

The manufacturing process How to subcontract

Launching your First Hi-tech Start-up: Virtual Company Start-up Strategy Billionaire role-models Your moneymaking idea Your team – Partners, Investors and Shares Your web site

Electronic office

Staff recruitment and employment

Electronic Commerce

Managing your finances:

Bookkeeping

Understanding financial statements

Company taxation

Profitability, forecasting and pricing

Making your Fortune:

Marketing

Public Relations, advertising, sales

Going Global – international expansion

The exit – trade sales and going public

Teaching and Learning Methods: Students will work in groups of 4 or 5 to progressively carry out the series of steps for product and initial enterprise development. These steps will be described through lectures and seminars presented by the Module Leader or Guest Speakers, as most appropriate. The students will also be provided with a reading list for private study. The groups are expected to identify a new service or product which will then become the focus of their attention throughout this course. Groups will be encouraged and supported to take up the opportunity offered by UWE and participate in the annual Bizldea competition, or equivalent regional events. This would provide an excellent way of comparing their business proposals with a wider range of competitors and expose their ideas to keener scrutiny. In this way, the Module Leader may provide effective "coaching" to improve a group's preparation and presentation of their ideas.

Assistance will be offered in establishing a Commercial Mentor for each group. Likely recruits will come from firms who regularly offer placements to UWE students, personal contacts and the alumni.

Scheduled learning includes lectures, seminars, tutorials, and workshops.

Independent learning includes hours engaged with essential reading, assignment preparation and completion etc.

Contact time: 36 hours

Assimilation and development of knowledge: 74 hours

STUDENT AND ACADEMIC SERVICES

Exam preparation: 20 hours Coursework preparation: 20 hours Total study time: 150 hours

Part 3: Assessment

The assessment of this module consists of two components. In the first, students are expected to make a presentation in which they pitch their product or service to academics and professional mentors. This allows them to practice and refine presentation skills, essential to most graduates.

The second component of assessment is a portfolio of work, produced as the module progresses which documents the process undertaken during the module.

First Sit Components	Final Assessment	Element weighting	Description
Portfolio - Component B		75 %	Group portfolio
Presentation - Component A	✓	25 %	Presentation (20 mins)
Resit Components	Final	Element	Description
	Assessment	weighting	
Written Assignment - Component B	Assessment	75 %	Written assignment (1500 words)

	Part 4: Teaching and Learning Methods			
Learning Outcomes	On successful completion of this module students will achieve the following lea	arning outcomes:
