**Part 3: Assessment**

Assessment Strategy	<p>The assessment strategy specifically aims to:</p> <ol style="list-style-type: none"> <li>1 Reflect the learning undertaken at specific stage.</li> <li>2 Ascertain students' learning strengths, weaknesses and continuing developmental needs.</li> <li>3 Develop students' ability to integrate theory and practice.</li> <li>4 Develop basic coaching skills to improve further practice.</li> <li>5 Enable students to search for, utilise and critique evidence.</li> <li>6 Promote students' individual growth and independent lifelong learning skills.</li> </ol> <p>In order for this to be achieved, assessments adopt a variety of techniques such as; written assessments, on-going reflective cards and a practical exam. Assessment of practice is undertaken using competency based framework to demonstrate the integration of theory and practice. In addition practice modules require the submission of a portfolio as evidence of achievement of these competencies.</p> <p>In line with the College's commitment to facilitating equal opportunities, a student may apply for alternative means of assessment if appropriate. Each application will be considered on an individual basis taking into account learning and assessment needs. For further information regarding this please refer to the VLE.</p>
