Part 3: Assessment			
<p>The module will be assessed by a single written report of between 3500 and 4000 words. The report will consist of a critical synthesis and reflective discussion of the content of the advanced specialist texts, bringing out their relevance for the thesis topic of the PGR student. The submitted report will be read by at least two members of the supervisory team (or their nominees) who will then conduct a short viva-voce exam of up to an hour's duration to verify the PGR student's understanding of the content and its relevance. The module leader (who generally will not be part of the supervisory team) may participate in the viva-voce exam, but is not required to do so. UWE doublemarking requirements will be satisfied by the two examiners.</p>
