**Reading Strategy**

*All students are encouraged to read widely using the library catalogue, a variety of bibliographic and full text databases and Internet resources. Many resources can be accessed remotely. Guidance to some key authors and journal titles available through the Library will be given in the Module Guide and updated annually. Assignment reference lists are expected to reflect the range of reading carried out. Students are expected to be able to identify and retrieve appropriate reading. Additional support is available through the Library Services web pages, including interactive tutorials on finding books and journals, evaluating information and referencing.*

Further reading is not essential for this module, but students should be referred to the indicative sources and readings suggested in the new UG L3 30 credit EYT Preparation for EYTS module.

### Part 3: Assessment

Assessment Strategy	<p>The criteria for assessment of professional placement will comply with the current, relevant professional Teachers' Standards (Early Years). Within this module students must demonstrate the accumulation, assimilation and volume of knowledge, understanding, skills and attitudes acquired during training.</p> <p>Students must demonstrate the positive values and behaviour that they expect from children in all aspects of their professional placements.</p> <p>Students' practice will be underpinned by values that they can articulate and for which they can provide a rationale.</p> <p>The above will manifest itself in high expectations of all children, consistent and respectful treatment and concern for their care, development and learning; sensitive and effective communication with parents/carers and support staff and an understanding of their contribution; the ability to reflect on and improve their own teaching; motivation to take responsibility for their own professional development.</p> <p>The Oral examination will take place within the setting on the students' final placement. Assessment against the Teachers' Standards (Early Years) is undertaken by a suitably qualified university Professional Tutor drawing on a professional discussion with the student and where appropriate members of</p>
