MODULE SPECIFICATION

Part 1: Basic Data					
Module Title	Developing Advanced Practice				
Module Code	UZTR1R-20-3	Level	3	Version	1
Owning Faculty	Health and Applied Sciences	Field	Continuing Care Adult Nursing		
Department	Nursing and Midwifery				
Contributes towards	BSc (Hons) Professional Studies BSc (Hons) Specialist Practice MSc Advanced Practice MSc Specialist Practice MSc Professional Development BSc(Hons) Professional Development				
UWE Credit Rating	20	ECTS Credit Rating	10	Module Type	Professional practice
Pre-requisites	None		Co- requisites	None	
Excluded Combinations	None		Module Entry requirements	Registered practitioner	
Valid From	Sept 2015		Valid to	September 2021	

CAP Approval Date	2 June 2015
--------------------------	-------------

Part 2: Learning and Teaching	
Learning Outcomes	<p>On successful completion of this module students will be able to:</p> <ol style="list-style-type: none"> Analyse health belief models and the impact they have on individuals in a health care setting. (Component A) Apply a systematic assessment of an individual, taking into consideration the psych-social factors that will influence their health care needs. (Component A) Understand clinical reasoning models that influence Advanced Practice and how this will influence future practice. (Component A) Revise and evaluate individual practice to enable advance communication with member of the health care team.
