Part 2: Description
<p>The syllabus is dictated by the nature of the practice placement. The placement will be linked to professional competencies and necessary learning articulated in the student's home professional practice module documentation. Students will be expected to demonstrate that their performance falls within the identified and relevant practice standards and competencies prescribed by their home institution.</p> <p>Students will identify their learning needs during practice with the support and supervision of the designated professional practice educator, and most learning will be undertaken in these settings.</p>
Part 3: Assessment: Strategy and Details
<p>Component A: Clinical Portfolio.</p> <p>Rationale: Successful completion of professional practice competencies and documentation relevant to the student's home institution.</p> <p>Formative Assessment: Students will have the support of a practice educator throughout practice, and the opportunities for formative feedback on performance throughout.</p>
