

## MODULE SPECIFICATION

Part 1: Information			
Module Title	Behaviour, Strategy and Content Production		
Module Code	UMKDQP-30-M	Level	Level 7
For implementation from	2020-21		
UWE Credit Rating	30	ECTS Credit Rating	15
Faculty	Faculty of Business & Law	Field	
Department	FBL Dept of Business & Management		
Module type:	Standard		
Pre-requisites	None		
Excluded Combinations	None		
Co- requisites	None		
Module Entry requirements	None		

Part 2: Description	
<p><b>Overview:</b> This module will consider the drivers of online behaviour from a psychological perspective, focusing on how and why people interact with online content – in a variety of forms and contexts – including consideration of differences in interaction behaviour between different cultures and nations. Discussion of psychological principles will also include ethical considerations relating to the use of these techniques in marketing.</p> <p>This will lead to ‘hands on’ experience of creating and manipulating digital content, applying psychological principles to create engaging imagery, video and text. Lastly, this module will consider how to structure the delivery of content strategically in order to support specific digital marketing objectives.</p> <p><b>Educational Aims:</b> To encourage students to consider psychological drivers of online behaviour when creating online content.</p> <p><b>Outline Syllabus:</b> Among the areas to be covered within this module are:</p> <p>Online behaviour:            Similarities and differences between online audiences            Psychological principles and presentation of content            Social interaction online</p> <p>Content production:            Creating and editing attractive digital imagery            Writing effective copy</p>	

## STUDENT AND ACADEMIC SERVICES

<p>Filming and editing engaging digital video</p> <p>Creating effective strategies:          Setting meaningful and measurable objectives          Identifying and targeting online audience segments          Measuring and evaluating success</p> <p>Workshops will also be provided on video presentation skills.</p> <p><b>Teaching and Learning Methods:</b> 6 hours per week, comprising seminar discussion and 'hands-on' workshops.</p>
---

Part 3: Assessment			
<p>Students will be individually required to propose a content strategy for a given organisation, submitted as a video “pitch”. In this pitch, students will be expected to:</p> <p>Demonstrate advanced knowledge of the drivers of online behaviour from a psychological perspective            Devise and critically evaluate effective strategies for delivering content to support objectives            Create and edit engaging digital content            Present complex ideas effectively</p> <p>The assessment criteria will therefore assess the ability to:</p> <p>Set and justify measurable objectives for the campaign            Research a specific audience to be engaged            Present a range of original content that will engage this audience            Use psychological principles to justify why this content would engage the audience            Explain how they would evaluate the success of the campaign            Present ideas clearly using both verbal and visual information</p> <p>In advance of the final submission, students will be given the opportunity to share and discuss their ideas with their tutor in order to receive formative feedback.</p>			
First Sit Components	Final Assessment	Element weighting	Description
Presentation - Component A	✓	90 %	Individual 30-minute video pitch presentation with accompanying materials
Presentation - Component A		10 %	Small group (2 or 3 group members) 10-minute formative presentation on a specific psychological theory, with accompanying materials. This will take place in class by the end of week 5.
Resit Components	Final Assessment	Element weighting	Description
Presentation - Component A	✓	100 %	Individual 30-minute video pitch presentation with accompanying materials
