| Part 2: Description |
|--|
| <p>This is the second professional practice module of the programme. In this module students will examine and identify through guided participation and facilitation how care is delivered in a range of care settings and diverse patient populations and exploring what constitutes health care delivery within their chosen field of registration. The module will build upon and consolidate students understanding of the principles of providing safe, effective and person-centred nursing care for people with a range of physical, social, psychological and emotional needs. This module will also support students to understand the principles of nursing within multidisciplinary and inter agency teams.</p> <p>The indicative content of the module will focus on the required professional standards as stated within the Nursing and Midwifery Council's (NMC) Future Nursing Standards (2018) and will be met through clinical experience. Students will be supported by an academic assessor.</p> <p>This module will use a range of learning and teaching strategies to support student learning and will include:</p> <ul style="list-style-type: none"> • Interactive realities • Interdisciplinary simulations and nursing procedural skills sessions • Guided learning • Self-directed learning • Digital learning and Digital capabilities • Peer coaching <p>Students will be assessed against the NMC Standards (2018) of proficiency for registered nurses, these proficiencies are grouped under seven platforms:</p> |

- Being an accountable professional
- Promoting health and preventing ill health
- Assessing needs and planning care
- Providing and evaluating care
- Leading and managing nursing care and working in teams
- Improving safety and quality of care
- Coordinating care

And two annexes.

- Communication and relationship management skills
- Nursing procedures

Part 3: Assessment: Strategy and Details

Students are required to complete a period of professional practice within a care setting related to their field of practice. These placements will support student learning to build confidence, ability to think critically, apply knowledge and skills, and provide nursing care across all four fields of nursing practice (adult, child and young people, learning disabilities, mental health), that is informed by a national and international evidence base.

Each student will have a formative assessment of their progress at the midpoint of their placement with the final summative assessment taking place at the end of the module. Students will be able to formatively engage with digital learning resources and packages to support their learning and professional development and are encouraged to reflect on practice and learning through a portfolio. Students will undertake applied, and field specific formative numeracy assessments digitally. During this module, students will be supported by an academic assessor.

Component A

The summative assessment will be

Completion of the Practice Assessment Document (PAD) and the Ongoing Achievement Record (OAR) including 75% attendance
