Part 4: Assessment.....	4
Part 5: Contributes towards	5

Part 1: Information

Module title: Contributing to Integrated Care

Module code: UZWK9F-15-2

Level: Level 5

For implementation from: 2023-24

UWE credit rating: 15

ECTS credit rating: 7.5

Faculty: Faculty of Health & Applied Sciences

Department: HAS School of Health and Social Wellbeing

Partner institutions: None

Field: Acute and Critical Care Adult Nursing

Module type: Module

Pre-requisites: None

Excluded combinations: None

Co-requisites: None

Continuing professional development: No

Professional, statutory or regulatory body requirements: None

Part 2: Description

Overview: Not applicable

Features: Not applicable

Educational aims: On completion of the module, the student will be able to contribute to the provision of care for people across the lifespan and the four fields of nursing, including those with complex needs. They will be able to understand the roles of a range of professionals and carers from other organisations and settings

who may be participating in the care of a person and their family, and their responsibilities in relation to communication and collaboration.

Outline syllabus: The indicative content of the module will focus on the Nursing and Midwifery Council (NMC) standards (2018). Within each module in the programme, teaching and learning progressively explores the nature of care and practice, focusing on the NMC Standards of proficiency for nursing associate's platforms and annexes.

Being an accountable professional

Promoting health and preventing ill Health

Provide and monitor care

Working in teams

Improving safety and quality of care

Contributing to integrated care

And two annexes.

Communication and relationship management skills

Procedures to be undertaken by the nursing associate

Part 3: Teaching and learning methods

Teaching and learning methods: This module will use a variety of teaching and learning methods which may include:

E learning

Seminars

Group work

Directed and self-directed learning

Role play

Skills practice

Module Learning outcomes: On successful completion of this module students will achieve the following learning outcomes.

MO1 Understand the roles of different health and care providers and work collaboratively and in partnership with other professionals.

MO2 Understand and explore the challenges of providing safe care for people with complex care needs including the complexities of providing mental, cognitive, behavioural and physical care in a wide range of integrated care settings.

MO3 Understand the principles and processes in supporting people and their families to maintain optimal independence.

MO4 Identify when people need help to access care and support and to escalate concerns.

MO5 Understand own role in the discharge or transition of care between professionals, settings or services.

Hours to be allocated: 150

Contact hours:

Independent study/self-guided study = 114 hours

Face-to-face learning = 36 hours

Total = 150

Reading list: The reading list for this module can be accessed at [readinglists.uwe.ac.uk](https://uwe.rl.talis.com/index.html) via the following link <https://uwe.rl.talis.com/index.html>

Part 4: Assessment

Assessment strategy: Nursing associates are a key team member that contribute to the care of people, including those with complex needs. Reviewing the case study in relation to the learning outcomes considers their role within care provision.

Formative assessment: Group presentation with peer assessment using a structured

proforma to ensure feedback is measured and consistent.

Summative assessment: Presentation of a case study of a maximum of 20 minutes in length to demonstrate integration of care, followed by 5 minutes of questions.

Assessment tasks:

Presentation (First Sit)

Description: Presentation – maximum of 20 minutes

Weighting: 100 %

Final assessment: Yes

Group work: No

Learning outcomes tested: MO1, MO2, MO3, MO4, MO5

Presentation (Resit)

Description: Presentation – maximum of 20 minutes

Weighting: 100 %

Final assessment: Yes

Group work: No

Learning outcomes tested: MO1, MO2, MO3, MO4, MO5

Part 5: Contributes towards

This module contributes towards the following programmes of study:

Nursing Associate {Apprenticeship-UCS} [UCS] FdSc 2022-23

Nursing Associate {Apprenticeship-UCW} [UCW] FdSc 2022-23

Nursing Associate {Apprenticeship-UWE} [Glenside] FdSc 2022-23
