For implementation from	September 2018

Part 2: Description

The BA (Hons) Business and Management offers students a current and integrated business education covering the main disciplines and operational areas of business. The curriculum aims to challenge students in their ways of thinking, behaving, learning, and issues of ethics & ethical decision making, sustainability and global citizenship are embedded throughout. The programme actively seeks input from the external environment and student learning is grounded in the external context wherever appropriate through, e.g. external speakers; assessments that require students' opportunities to test out concepts in practice and reflections on own experience of organisations. In addition, all students are encouraged by the curriculum into actively pursuing work experience of some sort i.e. via placement, internship, or volunteering. Student achievement is supported by a clear personal development strand of transferable skills and 'brain habits' over all three levels that facilitates the transition into Higher Education and which underpins employability and lifelong learning.

The programme aims to enable students to:

- acquire a critical understanding of organisations, their management and the changing external environment in which they operate;
- be equipped with the employability attributes and skills necessary for a career in business and management;
- develop an analytical and enquiring approach in the analysis of business problems so that considered and appropriate conclusions are drawn – which can be communicated effectively in a variety of forms;
- have an informed understanding of critical contemporary business issues and theoretical debates, including ethics & ethical decision-making, sustainability and global citizenship;
- work with academic theory in practice;
- develop a strong sense of self and the life-long learning skills to make an ongoing contribution to society at large.

Distinctive Features

The overarching aim of the Faculty's Learning Teaching & Assessment Strategy is *'to maximise student achievement (both in relation to award classification and to employability) and student satisfaction whilst maintaining appropriately rigorous academic standards and supporting the university's vision of becoming an inclusive and welcoming learning community, actively engaged with global society and based on values of mutual respect, critical engagement and self-awareness'*.

The supporting objectives of the strategy are the:
further development of intellectually vibrant, highly reflective, mutually respectful and diverse student and staff learning communities within the Faculty
increase in the use of links with the world external to UWE (including professional accreditation where possible) to inform curriculum design and delivery and provide lifelong learning opportunities
provision of an effective, efficient and supportive infrastructure for learning (organisation and management of programmes, student advice, communication with students etc)
appropriate design and flexible delivery of curricula which provide an intellectually stimulating learning experience enabling students to develop as highly employable and internationally aware lifelong learners
provision of effective support for students making the transition to learning at UWE
provision of effective and ongoing developmental support for all staff
use of effective strategies for assessment for learning

Assessments are designed to facilitate a progression through differing levels of complexity at each level of study:

- At level 1, a sound knowledge of the basic concepts of a subject.
- At level 2, a sound understanding of the principles of the field of study and the ability to apply these principles more widely.

STUDENT AND ACADEMIC SERVICES

Part 2: Description		
<ul style="list-style-type: none">At level 3, an understanding of a complex body of knowledge, some of it at the current boundaries of the academic discipline. <p>Included within the programme is a clear personal development strand of transferable skills and “brain habits” of the sort which facilitate the transition into HE and underpin employability and lifelong learning. These Personal and Academic Literacies – study, research, and employability skills – are developed at all levels of the programme through the 15 and 30 credit modules as follows:</p>		
	Personal and Professional Strand (Employability)	Enquiry Strand (Research & Academic Skills development)
Level 1	Introduction to Business Management	Contemporary Business Issues
Level 2	Managing People Management Skills	Research Methods for Business
Level 3	Integrated Business Simulation Simulation	Critical Business Enquiry Project or Enterprise Project
Programme requirements for the purposes of the Higher Education Achievement Record (HEAR)		
<p>This course provides a comprehensive business education, equipping students with the business knowledge and skills for a successful career in a complex business world. It offers a broad range of modules, ensuring a breadth of knowledge to support students in their future career aspirations. Successful completion of the programme requires students to be independent, analytical and critical. It requires them to work effectively within diverse teams and demonstrate strong information literacy, a spirit of enquiry and to be reflective in practice. It will also require a broad theoretical and practical knowledge of a broad range of business functions and the broader international business environment.</p>

	UMCDMA-15-2 Introductory Research Project	UMPDNF-15-2 Issues in Contemporary Employment Relations OR UMPD7J-15-2 Equality Law and Diversity Management	
	UMMDNX-15-2 Operations and Supply Management	UMSD7Q-15-2 Entrepreneurship & Small Business	
	UMMDFY-15-2 Digital Business Management		
	UMAD5N-15-2 Credit Management: Theory and Practice		
	UMSDMF-15-2 Design Thinking		

Placement or Study Year Abroad (SYA)

Students on the sandwich route of the programme (SW) must choose and pass one of the following options both of which aim to enable students to contextualise their academic learning in an applied business and/or cultural context:

1. **Work Placement:** a significant period of paid employment or self-employment normally in the field relevant to the specialism of the degree.

During this time students must complete the 15 credit level 3 module, Placement Learning UMCDN5-15-3. This module assesses the student's personal development, from the experience of placement and their ability to identify issues relevant to their Placement's organisational context and to then frame, scale and position a critical work-based enquiry relevant to the specialism of the degree.

2. **Study Year Abroad,** which consists of two semesters of study at a partner institution abroad.

During this time students must complete the 15 credit level 3 module, Learning and Development on Study Year Abroad (UMCD9Y-15-3). This module assesses the student's personal development from the experience of SYA and their ability to evidence cross-cultural awareness and analysis of the country in which they have been studying.

In addition, whilst at the partner institution students must have studied and attempted assessments in modules totalling 60 ECTS, of which 50-55 ECTS should be in modules related to their programme of study at UWE with a further 5-10 ECTS in the language of the host country. If the advent of failing any modules students must be able to demonstrate engagement i.e. that they have attended classes and sat the exams.

To be eligible for either Placement or SYA students would normally be expected to have passed a minimum of 210 credits

GRADUATION

STUDENT AND ACADEMIC SERVICES

Part 4: Programme Structure Marketing Institute of Singapore Training Centre (MISTC)

Marketing Institute of Singapore students enter directly onto level 3. Years one and two are mapped against the MISTC'S diplomas or the recognised diplomas as listed in the entry requirements.

In addition to MISTC's diplomas, other pertinent academic qualifications from local credible institutions have been mapped out against levels 1&2 leading to entry onto the top-up, either direct on or a case-by-case basis., including compulsory and optional modules

ENTRY	Compulsory Modules	Optional Modules	Interim Awards
	UMCDFS-30-3 Business Project UMSD7T-15-3 Strategic Management (BIM) UMODML-15-3 Managing Organisational Change UMSDMK-15-3 Integrated Business Management Simulation	Three options should be selected up to a maximum value of 45 credits. <i>(the list will include the follow options, and may be expanded in future)</i> Sustainable Business UMED95-15-3 Competing through Quality UMMD7N-15-3 Accounting for Managers UMAD5S-15-3	BA Business and Management (FT) <i>Credit requirements:</i> 300 credits at the appropriate levels
	GRADUATION		

Part 5: Entry Requirements

The University's Standard Entry Requirements apply with the following exceptions*.

Tariff points as appropriate for the year of entry - up to date requirements are available through the [courses database](#).

Where students are studying an accelerated version of the programme an approved variant to University Academic Regulations and Procedure will allow students to study more than 160 credits in any one academic year.

International students seeking direct entry into level 3 require IELTS with 6.0 in all components or an overall band score of 6.5 or above.

A full list of additional entry requirements for students joining at year 3 in MISTC can be found [here](#)

Part 6: Reference Points and Benchmarks

The following reference points and benchmarks have been used in the design of the programme:

The learning outcomes of the programme map against both the QAA subject benchmark statement for General Business & Management and the following University and Faculty strategies and policies:

[QAA UK Quality Code for HE](#)

Part 6: Reference Points and Benchmarks

-Framework for higher education qualifications (FHEQ)

[Strategy 2020](#)

[University policies](#)

- UWE Charter

Faculty strategies and policies:

- Blended Learning Framework
- Curriculum Principles
- Employability Strategy
- Faculty of Business and Law LTA Strategy

Staff research projects

- Where ever possible staff are encouraged to utilize their research – and that of colleagues – to inform their teaching, both in terms of content and pedagogic approach

Employer interaction and feedback

- Employers and alumni are regularly consulted to ensure the currency and relevance of the programme
