Section 2: Programme Overview, Aims and Learning Outcomes

Part A: Programme Overview, Aims and Learning Outcomes

Overview: This programme offers students a flexible, contemporary and integrated business and management education covering key disciplines and operational areas of business. The curriculum challenges students in their ways of thinking, behaving and learning, covering critical business issues of change and complexity, ethics & ethical decision-making, sustainability and global citizenship within their disciplinary context.

Educational Aims: Student achievement is supported by support for academic and professional development that both facilitates the transition into higher education and which underpins employability and lifelong learning.

The programme aims to enable students to:

Acquire a critical understanding of organisations, their management and the changing external environment in which they operate;

Be equipped with the employability attributes and skills necessary for a career in business and management;

Develop an analytical and enquiring approach to addressing business problems to draw considered and appropriate conclusions which can be communicated effectively in a variety of forms;

Acquire an informed understanding of critical contemporary business issues and theoretical debates, including ethics & ethical decision-making, sustainability and global citizenship;

Work with academic theory in practice.
